

The Good Samaritan Craft

Today we are going to be making a Handprint Page. (Ask your parent's Permission first) - Here are the instructions!

You Will Need:

- This Printout
- Coloured Pens/Pencils/Paints (Optional)
- Cardboard
- Glue
- Stickers/Glitter
- Wool/Ribbon/String

Make a few copies of your hand prints either by drawing around your hands on coloured card or by painting your hands and printing them on white card.

Cut the prints out and make 2 small hole punch size holes in the palm end of the handprint. You can decorate the prints with stickers/glitter or whatever you may have available.

Thread some ribbon or wool through the holes and give a set of helping hands to someone who needs them!
